## We Are Dynamic

Established in the year 1995, Dynamic Products is one of the premier Brass Component manufacturing company, located in a fully developed industrial area called Dared in Jamnagar (Gujarat), India.

We are Producing Quality products with the quality assurance. We furnish a wide range of Brass Products. Our products are fabricated using the finest quality of raw material acquired from our trusted vendors. We have expertise and ability to meet the market demand with quality standards of international buyer's located globally. We have comprehensive range of brass products. We are also manufacturing customize product as per customer requirements, designs and specifications.

We are prominent global suppliers of Brass Products with our exports in Indian Subcontinent, We are having fully required and automated infrastructure facilities to meet Customers' requirements of our client all over the world. We have well managed automated Warehouse with proper safety arrangements and access to all the major transport systems. We deliver our products within the stipulated duration without compromising on the quality.

We at Dynamic Product are being manufactured by highly motivated and skilled manpower. Our sole aim and Willingness to provide quality that surpasses customer's expectations at extremely competitive prices is what sets us apart from the competition.

## Our Dynamic Vision

We are a vision driven organization, and the key to fulfilling our vision is to add significant value to the customer. To meet this ambitious vision, we've invested first in our team, assembling an impressive array of experienced talent and provided them with state of the art technologies and equipment. We strive to provide high value-added, high quality to industries with short lead times.

We have numerous installations around the country featuring our best products, but the thing that we are most proud of building is the relationships we have with our customers, employees, and suppliers.

## Quality Management

Our target is to provide zero defects products to client which is remarkable in industry. To meet the global demand we take care at every stage right from raw material purchase to finished goods

Our quality assurance team is trained and well experienced. To achieve the maximum standard our quality control team continuously monitors the products and user requirement right from the production stage up to the final dispatch. Due to strict quality control procedures our customers are ensured that their requirements are met accurately and consistency each & every piece is inspected under strict quality control

## Reliable Production

Every drop of hard work & each act of labour is invested to win your trust in our Quality. Our efforts for offering quality products have been recognized due to our Quality Management System.

Each and every stage of the manufacturing process is closely monitored by our team of quality check managers. We possess an in-house testing facility to ensure maximum accuracy in the finished products. Our latest and updated modern facility is equipped with testing material, both chemically & physically.

**In-Process & Inter-Process Inspections**

**Dedicated Design & Development Department**

**Up-to-date records of quality standards**

**Equipment Calibration & Maintenance**

**Design & Develop as per Custom Specification**

**100% Visual Inspection to ensure 100% defect free products**

# Products

100% Air Pressure Tested On Each Single Cartridge Before The Product Gets Delivered.

## 1/2" Light Regular Ceramic

- Stable Water Pressure at Maximum 35Kg/cm<sup>2</sup>.
- Maximum Rotation Angle :- 90°
- Temperature :- 5-90° C
- Life Test: - 1, 00,000 Open and Close Cycles.
- Finest Quality Disc Life Cycle Will Be  $\geq$  4,00,000.

## 1/2" Heavy Regular Brass Cartridge

- Stable Water Pressure at Maximum 35Kg/cm<sup>2</sup>.
- Maximum Rotation Angle :- 90°
- Temperature :- 5-90° C
- Life Test: - 1, 00,000 Open and Close Cycles.
- Finest Quality Disc Life Cycle Will Be  $\geq$  4,00,000.

## 3/4" Regular Brass Cartridge

- Stable Water Pressure at Maximum 35Kg/cm<sup>2</sup>.
- Maximum Rotation Angle :- 90°
- Temperature :- 5-90° C
- Life Test: - 1, 00,000 Open and Close Cycles.
- Finest Quality Disc Life Cycle Will Be  $\geq$  4,00,000.

100% Air Pressure Tested On Each Single Cartridge Before The Product Gets Delivered.

## 1/2" Concealed Brass Cartridge

- Stable Water Pressure at Maximum 35Kg/cm<sup>2</sup>.
- Maximum Rotation Angle :- 90°
- Temperature :- 5-90° C
- Life Test: - 1, 00,000 Open and Close Cycles.
- Finest Quality Disc Life Cycle Will Be  $\geq$  4,00,000.

## 3/4" Concealed Brass Cartridge

- Stable Water Pressure at Maximum 35Kg/cm<sup>2</sup>.
- Maximum Rotation Angle :- 90°
- Temperature :- 5-90° C
- Life Test: - 1, 00,000 Open and Close Cycles.
- Finest Quality Disc Life Cycle Will Be  $\geq$  4,00,000.
